

Do Now: Linear Systems 1

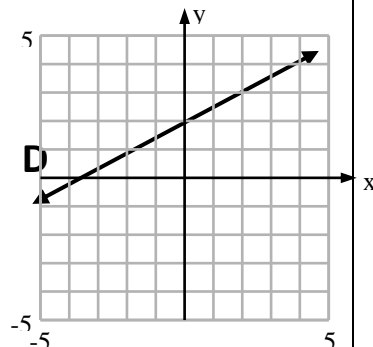

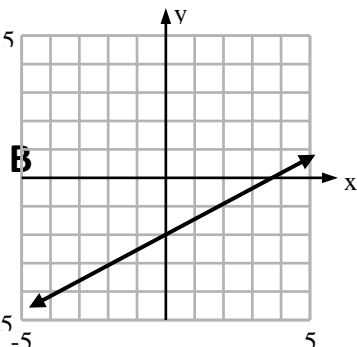

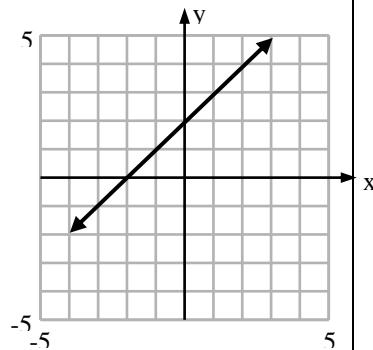

1. Which of the following is the graph of

$$y = \frac{1}{2}x + 2$$

A

C

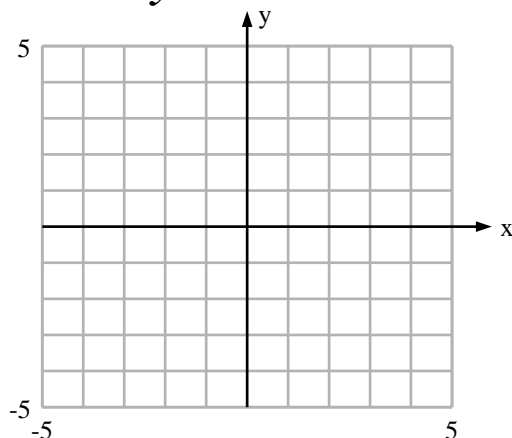

2. Find the slope and the y-intercept of each line.

a) $y = -2x + 3$

b) $-3x + 2y = 8$

3. Graph the line.
 $-5x + 3y = -15$

4. What is the slope of the line shown?
